**GRIFFON CORPORATION ANNOUNCES OPERATING RESULTS
FOR THE THIRD QUARTER OF FISCAL 2008**

JERICHO, NEW YORK, August 7, 2008 - Griffon Corporation (NYSE:GFF) today reported operating results for the third quarter of fiscal 2008, ended June 30, 2008.

Net sales for the third quarter of fiscal 2008 were \$322.3 million, compared to \$337.2 million in the third quarter of fiscal 2007. Income from continuing operations was \$9.4 million, or \$.31 per diluted share, for the quarter compared to \$6.1 million, or \$.20 per diluted share, last year. The income from continuing operations for the third quarter of fiscal 2008 was favorably impacted by a tax benefit of \$.1 million, versus a tax expense of \$4.1 million in the prior year's comparable quarter. Loss from discontinued operations was \$19.2 million, or \$.64 per diluted share, compared to \$1.7 million, or \$.06 per diluted share, last year. Net loss for the quarter was \$9.8 million, or \$.33 per diluted share, compared to net income of \$4.4 million, or \$.14 per diluted share, last year.

In May 2008, the company's Board of Directors approved a plan to exit all operating activities of the Installation Services segment in 2008. Certain operating units in the Installation Services segment were closed during the second and third quarters, others were sold during the third quarter and the remaining operating units in Las Vegas and Phoenix are expected to be sold in the fourth quarter of fiscal 2008. Results of operations related to substantially all of the operating units of the Installation Services segment from the beginning of each fiscal period presented through June 30, 2008 have been reflected as discontinued operations in the condensed consolidated income statements. Net sales of these operating units were \$22.6 million and \$61.5 million for the three months ended June 30, 2008 and 2007.

Disposal costs related to the Installation Services segment included in its operating results were \$23.3 million and \$36.2 million for the three and nine months ended June 30, 2008, respectively. The company presently estimates that it may incur total additional disposal costs of up to \$17 million for the remainder of fiscal 2008, of which \$5 million to \$10 million is estimated to be cash-related.

Telephonics Results

For the quarter ended June 30, 2008, Telephonics generated sales of \$88.3 million, a 26.8% decrease from the third quarter of fiscal 2007.

The operating results declined as anticipated as a result of the completion in late fiscal 2007 of substantial contracts with Syracuse Research Corporation (SRC). Excluding the impact of the SRC contracts in the respective third quarter periods, core business sales grew by approximately \$24.6 million, or 39%.

Clopay Garage Doors Results

For the quarter ended June 30, 2008, the company's Garage Doors segment generated sales of \$114.7 million, a 7.6% decrease from the third quarter of fiscal 2007.

The company's Garage Doors segment results were consistent with the sustained downturn in the housing market. We believe that our business was further adversely impacted by weakness in the consumer credit markets. The segment's management has focused on cost reduction programs including, but not limited to, reductions in force, reducing or eliminating certain sales and marketing programs and consolidating facilities where possible.

Clopay Specialty Plastic Films Results

For the quarter ended June 30, 2008, the company's Specialty Plastic Films segment generated sales of \$121.1 million, a 25.1% increase from the third quarter of fiscal 2007.

Specialty Plastic Films achieved higher sales resulting primarily from a favorable product mix, primarily in North America, the partial pass-through of higher selling prices from rising resin costs, and the impact of foreign exchange, partially offset by lower selling prices to a major customer and lower unit volumes. Operating income increased by \$2.6 million as a result of a favorable product mix and the impact of foreign exchange.

Balance Sheet and Capital Expenditures

As previously announced, on June 24, 2008, the company's subsidiaries, Clopay Building Products Company, Inc. and Clopay Plastic Products Company, Inc., entered into a credit agreement for their domestic operations with JPMorgan Chase Bank, N.A., as administrative agent, and the lenders party thereto, pursuant to which the lenders agreed to provide a five-year, senior secured revolving credit facility of \$100 million. Availability under the credit facility is based upon certain eligible accounts receivable, inventory, cash and cash equivalents and property, plant and equipment. Proceeds of a \$33 million draw under this facility were primarily used to refinance existing maturing lease obligations.

The company's total cash balances at the end of the third quarter of fiscal 2008 were \$47.0 million. Total debt outstanding at the end of the quarter was \$234.7 million, including \$130 million of convertible notes. Capital expenditures during the third quarter of fiscal 2008 were \$37.3 million.

Conference Call Information

The company will hold a conference call to discuss its results today, August 7, 2008, at 4:30 PM EDT. The conference call can be accessed by dialing 1-800-322-9079 (U.S. participants) or 1-973-582-2717 (International participants). Gross Proceeds of Financing will range between \$170 and \$255 million**

JERICHO, NEW YORK, August 7, 2008 - Griffon Corporation (NYSE: GFF) announced today a 20 million share common stock rights offering to its shareholders in order to raise equity capital for general corporate purposes and to fund future growth. The rights will have an exercise price of \$8.50 per share. GS Direct, L.L.C., an affiliate of Goldman, Sachs & Co., has agreed to back stop the rights offering by purchasing on the same terms any and all shares not subscribed through the exercise of rights. GS Direct will purchase additional shares of common stock at the rights offering price if it does not acquire a minimum of 10 million shares of common stock as a result of its back stop commitment. The transactions are expected to raise gross proceeds of between approximately \$170 and \$255 million.

The Company intends to file with the Securities and Exchange Commission a registration statement covering these transactions, and the distribution of rights and commencement of the rights offering will occur promptly following the effectiveness of that registration statement.

Under the terms of the rights offering, the Company will distribute at no charge to the holders of its common stock transferable rights to purchase up to an aggregate of approximately 20 million new shares of common stock. The Company will distribute to each such holder one transferable right for every share of common stock owned on the record date, which will be set forth in a prospectus to be filed with the Securities and Exchange Commission. Each right will entitle the holder to purchase .66 shares of common stock at the subscription price of \$8.50 per share of common stock. Record date stockholders who fully exercise their rights will be entitled to subscribe, subject to certain limitations and subject to allotment, for additional shares that remain unsubscribed as a result of any unexercised rights in an amount equal to up to 20% of their shareholdings as of the record date. Consummation of the rights offering is subject to customary closing conditions.

In connection with the rights offering, GS Direct has agreed, subject to certain terms and conditions, to purchase from the Company promptly after the closing of the rights offering, at the subscription price, all of the shares for which subscriptions were not received as part of the rights offering. In addition, in the event GS Direct acquires less than 10 million shares of common stock in the backstop commitment, GS Direct has committed, subject to certain conditions, to purchase from the Company an additional number of shares at the subscription price such that it will have acquired in the aggregate with the backstop commitment 10 million shares of common stock.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities in any state in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state. The rights offering, which is expected to be launched immediately following the effectiveness of a registration statement relating to the offering, will be made only by means of a prospectus.
